KS

THE ALL-PURPOSE MACHINE. THE KS.

The Schechtl KS is the most popular classic manual swivel bending machine for the sheet metalworking trade. The clamping beam consists of rolled profiles, the lower and bending beam of a steel construction. Its versatile setting options and comprehensive range of accessories have made the KS the world's most successful eccentric-driven swivel bending machine with more than 28,000 machines sold.

BENEFITS

- ✓ **Virtually indestructible** – lasts for generations
- ✓ Realises **unusual profiles**
- ✓ **High working convenience** – back-friendly working height
- ✓ **Maintenance-free** bearings and guides
- ✓ **Versatile** through a comprehensive range of accessories
